2. **Northeastern State University**

   a. **Substantive Changes**

   1. **Geography, B.A. (036):** NSU requests a program name change and program requirement change to accommodate updates in curriculum. Faculty propose changing the name of the program to Geography and Sustainability Studies. In addition, they propose to reduce the hours required in the Physical Geography category from six (6) to three (3) required hours and to increase the hours required in the Geography Electives category from 15 to 18 to balance that change. Two new courses, GEOG 4743 Climate Change and GEOG 4623 Sustainability and Resiliency will be added as guided electives. Faculty propose eight title changes of existing courses along with description updates to modernize the curriculum. The total credit hours for the degree will remain 124.
2. Health and Physical Education B.S. Ed. (041):
Faculty propose removing a non-credit graduation requirement for a capstone experience. Currently the department requires both Health and Human Performance majors and Health and Physical Education majors to complete a non-credit capstone experience at professional development site. Because Health and Physical Education majors already complete two pre-internship experiences in schools and a full semester clinical teaching experience at two different school sites, the capstone requirement is redundant and an impediment for students to graduate in a timely manner. The total credit hours for the degree will remain 124.

b. Existing Program—Tulsa Area Metro

1. Health and Human Performance, B.S. (040). NSU seeks approval to offer its existing degree, Health and Human Performance at its Broken Arrow campus. Offering the program at Broken Arrow provides a venue and opportunity for Tulsa Community College (TCC) graduates in Health, Human Performance, and Physical Education to continue their education and complete a baccalaureate degree. The proposal details a recently signed an articulation agreement with TCC for transfer of students to NSU’s Health and Human Performance, B.S. degree – Clinical/Wellness option, building on established articulation relationships between our two institutions. The Letter of Intent (LOI) for this program was forwarded to OSRHE on February 23, 2018 and distributed by the Chancellor on March 8.

c. Letters of Intent

Northeastern State University will submit to the Oklahoma State Regents for Higher Education (OSRHE) a Letter of Intent requesting approval for electronic delivery of three existing programs.

1. Master of Education in Early Childhood. Availability of the complete program through electronic delivery would better serve working adults and their employers.

2. Bachelor of Science in Speech Language Pathology. Electronic delivery would facilitate opportunities for students as well as provide more efficient use of faculty resources.
3. Master of Science in Speech Language Pathology. The SLP program is in high demand and having the flexibility to offer the program online will allow NSU to better serve students from surrounding, rural communities.

4. STEM Education Certificate embedded in the Master of Education in Science Education program. The primary goal of the STEM Education Certificate is to broaden and deepen educators’ understanding of STEM content and strategies for successful STEM integration in both formal and informal educational settings. NSU will request approval for electronic delivery as well as traditional delivery at its Tahlequah and Broken Arrow campuses.

NSU is approved by OSRHE and the Higher Learning Commission (HLC) to deliver online programs. A completed proposal for each program will follow according to OSRHE established time frames.

He guided the Southeastern baseball program through its successful transition from NAIA to NCAA Division II. In just the second season at the D-II level, he led his squad to the NCAA Division II World Series in Montgomery, Ala. On June 3, 2000, Southeastern earned its first National Championship. His title earned him the 2000 National Coach of the Year honor at the American Baseball Coaches Convention.

Coach Metheny retired following the 2017 season, posting a record of 1,324-679-3. He is the NCAA Division II all-time leader in victories.

Regent Reilly reported on the process that UCO has used for a number of years to retain on call consultants. Instead of issuing an RFP each time they need an architect, engineer, land surveyor, etc., UCO issues a collective RFP process to engage consultants annually for up to a five year period. This is for projects below $100,000 annually per consultant. UCO and each consultant agree on hourly rates in advance and then create a panel of on call consultants. This process allows them to move quickly when they are ready to begin a new project. It appears to be working well.

The following substantive program change is submitted as an information item to the Educational Excellence Committee:

Substantive Changes

Geography, B.A. (036): NSU requests a program name change and program requirement change to accommodate updates in curriculum. Faculty propose changing the name of the program to Geography and Sustainability Studies. In addition, they propose to reduce the hours required in the Physical Geography category from six (6) to three (3) required hours and to increase the hours required in the Geography Electives category from 15 to 18 to balance that change. Two new courses, GEOG 4743 Climate Change and GEOG 4623 Sustainability and Resiliency will be added as guided electives. Faculty propose eight title changes of existing courses along with description updates to modernize the curriculum. The total credit hours for the degree will remain 124.

Health and Physical Education B.S. Ed. (041): Faculty propose removing a non-credit graduation requirement for a capstone experience. Currently the department requires both Health and Human Performance majors and Health and Physical Education majors to complete a non-credit capstone experience at professional development site. Because Health and Physical Education majors already complete two pre-internship experiences in schools and a full semester clinical teaching experience at two different school sites, the capstone requirement is redundant and an impediment for students to graduate in a timely manner. The total credit hours for the degree will remain 124.
Health and Human Performance, B.S. (040). NSU seeks approval to offer its existing degree, Health and Human Performance at its Broken Arrow campus. Offering the program at Broken Arrow provides a venue and opportunity for Tulsa Community College (TCC) graduates in Health, Human Performance, and Physical Education to continue their education and complete a baccalaureate degree. The proposal details a recently signed articulation agreement with TCC for transfer of students to NSU's Health and Human Performance, B.S. degree – Clinical/Wellness option, building on established articulation relationships between our two institutions. The Letter of Intent (LOI) for this program was forwarded to OSRHE on February 23, 2018 and distributed by the Chancellor on March 8.

Thank you for your consideration of these proposals. If you have any questions, please contact me or Dr. Landry.

Dear Executive Director McCaffree:

Northeastern State University will submit to the Oklahoma State Regents for Higher Education (OSRHE) a Letter of Intent requesting approval for electronic delivery of three existing programs. In accordance with Regional University System of Oklahoma (RUSO) practices, I am providing this information for you to share with the other RUSO institutions.

**Master of Education in Early Childhood.** Availability of the complete program through electronic delivery would better serve working adults and their employers.

**Bachelor of Science in Speech Language Pathology.** Electronic delivery would facilitate opportunities for students as well as provide more efficient use of faculty resources.

**Master of Science in Speech Language Pathology.** The SLP program is in high demand and having the flexibility to offer the program online will allow NSU to better serve students from surrounding, rural communities.

NSU is approved by OSRHE and the Higher Learning Commission (HLC) to deliver online programs. A completed proposal for each program will follow according to OSRHE established time frames.

We appreciate RUSO’s consideration and support. If you have any questions, please feel free to contact me at your earliest convenience.

Sincerely,

Steve Turner, Ph.D.

State Regents' Policy 3.18
The recommendations of Southeastern Oklahoma State University are as follows:

I. PERSONNEL

SABBATICAL LEAVE

Dr. Robert Stevens, Professor and John Massey Endowed Chair in Business, has requested sabbatical leave for the Spring 2019 term. Dr. Stevens will take the lead in writing a textbook (Strategic Management: Text and Cases) designed for an accelerated delivery format. He will collaborate with two other faculty members in the John Massey School of Business to develop this textbook. Most textbooks written about these topics have been prepared for the more traditional 16-week format and there is a need for books specifically designed for a compressed delivery format. Dr. Stevens and the co-authors have published in the content area of the book and all have taught courses in the MBA program at Southeastern that is delivered in an accelerated format.

Enrollment in the MBA program at Southeastern has grown significantly since being delivered in an accelerated format. This sabbatical will provide Dr. Stevens the time needed to codify the disciplinary content, PowerPoint presentations, test bank, and case studies used in his course. Further, the individual and case studies used are aligned with the Assessment of Learning goals that help fulfill the accreditation requirements of the Association to Advance Collegiate Schools of Business.

Because of the considerable time needed to complete this activity, it is our recommendation that Dr. Stevens’ sabbatical leave request for Spring Semester 2019 be approved.

In just the second season at the D-II level, he led his squad to the NCAA Division II World Series in Montgomery, Ala. On June 3, 2000, Southeastern earned its first National Championship. Master Service Agreement
This MASTER SERVICES AGREEMENT (the "Agreement") is made and entered into as of October 17, 2018 (the "Effective Date"), by and between Client and TLH.

WHEREAS, TLH has the expertise, capacity, experience and desire to provide the Bundled Services (as defined below) to Client, and

Confidential
WHEREAS, Client desires to utilize and engage TLH to provide the Services to Client.

NOW, THEREFORE, in consideration of the premises, the mutual promises, covenants and conditions contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, agree as follows:

I. SERVICES; REPORTS. During the Term (as defined below) and subject to the terms and conditions of this Agreement, Client hereby retains TLH to provide to Client the Bundled Services set forth in Exhibit A attached hereto and incorporated herein by reference (collectively, the “Services”), and TLH agrees to provide the Services to Client. TLH will provide Client with periodic summary reports indicating TLH’s progress with respect to the provision of the Services and the results therefrom.

II. CLIENT OBLIGATIONS. In order to facilitate the provision of the Services, Client will perform all obligations set forth in Exhibit B and Exhibit C. Client will implement this Agreement in accordance with all rules and regulations of all of its applicable education regulatory authorities including accrediting agency requirements. In addition, Client agrees to carry out, or cause to be carried out, the processing, disbursing, awarding and administration of all aspects of the financial aid process for its students in compliance with all applicable federal laws and regulations. Client will make financial aid available to students in the same manner and to the same extent as made available to any other students, but Client will be solely responsible for and will retain complete control of all aspects of awarding financial aid (including the federal student financial assistance programs under Title IV of the Higher Education Act of 1965, as amended), including monitoring and managing all aspects of student’s award acceptance, loan entrance counseling, and setting of budgets and disbursement schedules. TLH will not be involved in any financial aid matters except as specifically set forth in Exhibit D and Exhibit E.

III. FEES.

A. As consideration for the Services, Client will pay TLH the fees set forth on the first page of the Agreement under “Summary of Major Agreement Terms/Fee(s)” (hereinafter the “Fees”) with respect to each student enrolled in the degree program(s) and each such student being a “Fee Student”). Fee Student is defined as any student that is enrolled in the course fifteen (15) days following the first day of the course. Client will identify all such individuals to TLH.

B. The Fees for Fee Students that enroll in the 45% revenue share programs will be payable to TLH for the duration of each student’s enrollment with Client, regardless of the expiration or termination of this Agreement.

C. TLH will provide Client with a preliminary list of students. Client will reconcile the list, and the Fees will be payable within thirty (30) days of the first day of each course in which a Fee Student is enrolled with Client, and, along with such payment, Client will provide TLH with a written report containing all information used to calculate Fees, including, without limitation, a confirmed list of the Fee Students and the courses (including credit hours) in which they are enrolled with Client.

D. At TLH’s expense, TLH will be entitled to audit Client’s records for the purposes of and relating to calculating and verifying the Fees. At TLH’s expense, TLH will also have the right to make, at the time of the audit, or any time thereafter upon request, copies of the records. TLH will give written notice to Client at least five (5) days prior to the date the audit is to commence. The audit will be conducted by TLH or its designee during Client’s normal business hours, at the place where the records are maintained and in such a manner so as not to unreasonably disrupt Client’s business operations.
IV. TERM; TERMINATION

A. The term of this Agreement will begin on the Effective Date and end after the number of years set forth under Summary of Major Agreement Terms/Term above (the "Term"), unless sooner terminated pursuant to this Section IV. This Agreement may be terminated (a) by either party immediately if the other party fails to cure a material breach of this Agreement by such other party within thirty (30) days of being notified of such breach in writing, (b) by mutual agreement of the parties, or (c) by either party without notice and the opportunity to cure upon the happening of any of the following: [1] the bankruptcy or insolvency of the other party; [2] the assignment of the other party’s assets for the benefit of creditors. The parties acknowledge that this Agreement has been entered into after arm's length negotiations. If at any time, it is reasonably determined by a party or its legal counsel that any provision of this Agreement could be deemed by the U.S. Department of Education or other federal or state agency regulating the activities of or having jurisdiction over a party to violate or be inconsistent with the requirements or provisions of applicable laws, regulations and/or rules, the party may seek to modify such provision of this Agreement in a manner designed to eliminate such risk. Such modification shall be made after notice thereof has been provided by the party to the other party and other party has been given an opportunity to discuss the modification with the party seeking such modification. If the parties cannot agree on such modification, either party shall have the option to terminate this Agreement without any penalties upon written notice to the other party.

B. This Agreement may be terminated by Client at the conclusion of Year Four (4) of the Agreement, which for purposes of this section is defined as December 31, 2022, if total active earning students at the conclusion of Year Four (4) for all fully online and hybrid programs does not equal 410 or greater. However, shall Client breach any of the Client Responsibilities as outlined in Exhibit B to this Agreement or fail to launch the programs as outlined in Exhibit C to this Agreement, then the termination right referenced in this Subsection B is extinguished immediately upon receipt of written notice of such breach from TLH.

C. Upon termination of this Agreement under Section IV.A or IV.B above, TLH’s Student Retention Services set forth in Exhibit A, Section VIII and Client’s duty to provide remuneration as set forth in Section III of this Agreement, shall continue until all Fee Students are no longer enrolled.

D. Client may provide written notice of termination if Client has determined that sufficient funds have not been appropriated by the necessary government authority to make payment under this contract. Client’s determination that sufficient funds have not been appropriated must be made in good faith and Client shall, upon vendor’s written request, provide to vendor sufficient documentation supporting such determination.

V. ECONTENT OWNERSHIP

A. TLH shall have and retain exclusive ownership of all eContent provided by TLH (the “TLH-Owned eContent”).

B. Any materials written by one of Client’s faculty members or other designated Client contact shall be owned in accordance with the agreement, if any, between Client and such individual as to the development and ownership of such materials (collectively, “Client-Owned eContent”).

C. Client hereby acknowledges TLH’s exclusive right, title and interest in and to each TLH-Owned eContent and disclaims any interest or right therein. Client agrees not to, at any time, do or cause to be done any act or thing contesting or in any way impairing or attempting to impair
any part of such right, title and interest. Client agrees not to lease, sell or in any way transfer any TLH-Owned eContent to any other natural person or entity without the prior written consent of TLH. Client further agrees not to re-write or in any way modify any TLH-Owned eContent without the prior written consent of TLH.

D. TLH hereby acknowledges the applicable owner’s exclusive right, title and interest in and to each Client-Owned eContent and disclaims any interest or right therein. TLH agrees not to, at any time, do or cause to be done any act or thing contesting or in any way impairing or attempting to impair any part of such right, title and interest. TLH agrees not to lease, sell or in any way transfer any Client-Owned eContent to any other natural person or entity without the prior written consent of Client. TLH further agrees not to re-write or in any way modify any Client-Owned eContent without the prior written consent of Client.

E. Any materials developed by a third party shall remain the exclusive property of the third party.

VI. INFRINGEMENT. TLH warrants that the TLH-Owned eContent does not and will not infringe on the intellectual property rights of any natural person or entity. Client warrants that the Client-Owned eContent does not and will not infringe on the intellectual property rights of any natural person or entity. Each party will give the other party timely notice of any known infringement and the party that owns the applicable eContent will have the option to undertake and conduct the defense of any claim, demand, action, suit or proceeding in connection with any such infringement. Without limiting a party’s right to indemnification under this Agreement, if an eContent or a part thereof becomes the subject of an infringement claim, the party that owns such eContent, at its option, may (a) modify or replace such eContent to make it non-infringing, or (b) procure the right to permit the continued usage of such eContent.

VII. CONFIDENTIALITY.

A. Definition. For purposes of this Agreement, “Confidential Information” means all technical, business, customer, marketing, financial, and other confidential, proprietary or non-public information relating to the business of a party which is disclosed by such party (the “Disclosing Party”) to the other party (the “Receiving Party”). Notwithstanding the foregoing, Confidential Information shall not include information which (a) is or becomes generally available to the public other than as a result of a disclosure by Receiving Party, (b) was available to the Receiving Party on a non-confidential basis prior to its disclosure by the Disclosing Party or (c) becomes available to the Receiving Party on a non-confidential basis from a person other than the Disclosing Party who is not otherwise bound by a confidentiality agreement with the Disclosing Party.

B. Protection. The Receiving Party will not, without the Disclosing Party’s prior written consent, disclose any Confidential Information to any natural person or entity. It is not TLH’s intention that the Services or facilities be used in contravention of the Communications Decency Act of 1996 (the “CDA”) or any other applicable law.

4) Client agrees to comply with the requirements of the CDA and the Digital Millennium Copyright Act (the “DMCA”) and acknowledges that TLH is a “service provider” under the DMCA and is, therefore, immune from liability under the DMCA, including 17 U.S.C. § 512. Consistent with the DMCA, TLH will accommodate standard technical measures used to identify and protect copyrighted works, and, as further described herein; TLH has a policy that may ultimately eliminate eContent with copyright infringement.

4) When TLH becomes aware of possible violations of this Agreement, TLH may initiate an investigation that may include gathering information from Client and the complaining party, if any, and examination of material on TLH’s servers. TLH, in its sole discretion, will determine what action will be taken in response to a violation on a case-by-case basis. Violations of this Agreement may subject Client to civil or criminal liability.
